## Professional Summary

Passionate Coder with sound knowledge of top programming languages. Problem Solver. Expert communicator and Book Lover. Can lead any group with ease.

## ➤ Projects

- Chinese Restaurant Website -
  - This was one of my latest projects; I created the website for a project in my respective course. I used HTML, CSS and JavaScript. It consists of several items and it's fully responsive. It is available on my GitHub Page.
- Ventures Website
  - I created a website for a ventures company set up in New Delhi (GK Ventures). It was the first website of mine as a freelancer. I made the website fully responsive using HTML, CSS and Bootstrap.
- A rental app
  - I am working on my own idea of an application for rental clothes to be available online. I am working with my 4 classmates on it. React.js and node.js along with some libraries are used in the application.
- Small JavaScript challenges
  - At the starting of my JavaScript days, I made few websites of my own. These included small games, random calculators, etc. These are available on my GitHub page.

## ➤ Accomplishments

- Got selected on 2nd level in Hackathon with an idea of my own.
- Completed and got Certified Android intent and HTML CSS course by **John Hopkins University, USA**.
- Made my first Responsive Website in less than 2 days and I am still working on some websites.
- Awarded as best communicator several times in school and won speech competitions in college.
- Working on couple of my own ideas for software development.
